Το Γραφείο Διασύνδεσης Πανεπιστημίου Πειραιώς σας ενημερώνει για την ακόλουθη θέση εργασίας:

SHAREPOINT CONSULTANT (ref: SAC/08/12)
Athens, Greece and Helsinki, Finland

With experience in customising Sharepoint for implementing collaborative web applications.

EUROPEAN DYNAMICS SA (www.eurodyn.com) is a leading European Software, Information and Communication Technologies company, operating internationally (Athens, Brussels, Luxembourg, Rome, Copenhagen, Berlin, Stockholm, London, Nicosia, Helsinki, Valetta, etc). The company employs over 500 engineers and IT experts. We design and develop software applications using integrated, state-of-the-art technology. Our current IT projects have a value exceeding 250 million EURO. EUROPEAN DYNAMICS is a renowned supplier of IT services to European Union Institutions, international organizations, European Agencies and national government Administrations all over Europe.

We currently have a vacancy for a **SharePoint Consultant** fluent in English, to offer his services as an expert at the premises of the company in Athens, and at the premises of a major company's client in Helsinki, Finland. The work will be carried out either in the company's premises or on site at customer premises. In the context of the first assignment, the successful candidate will be integrated in the IT Consultancy Team of the company that will closely cooperate with a major client's IT team on site in Helsinki.

Your tasks:

- Analyse business (i.e. functional and non-functional) requirements, for implementing new collaboration modules supporting Enterprise Content Management;
- Analyse technical requirements and define technical specifications, for migrating existing legacy IT environments;
- Specify the architectural design, topology, hosting, and maintenance needs, as well as the functional and non-functional requirements, for new collaboration modules supporting Enterprise Content Management;
- Design and model prototypes, as well as develop, maintain and test existing and new web applications;
- Implement technical assessments, feasibility studies, and solution evaluations.

Your skills:

- University Degree in IT or similar field;
- Experience in analysis, design, prototyping, and development using Microsoft SharePoint 2007 and 2010;
- Experience in business modeling, architectural design, development, and testing of large scale web applications;
- Experience in Enterprise Content Management Systems;
- Excellent interpersonal and team working skills;
- Excellent written and oral communication skills in English.

Our offer:

If you are seeking a career in an exciting, dynamic and multicultural international environment with exciting opportunities that will boost your career, please send us your detailed CV in English, quoting reference: (**ref:SAC/08/12**) to the following e-mail address: hr@eurodyn.com

We offer an extremely competitive remuneration and benefits package, based on qualifications and experience.

All applications will be treated as confidential.
